

Women Empowerment : Global Survey

Women, Business & Law Index tracks how the Law affects women at various stages of their lives. 8 Indicators are used to measure legal differences between men and women through different stages of women life.

These indicators are Assets, Entrepreneurship, Marriage, Mobility, Parenthood, Pay, Pension & Workplace. As per the Survey, women have just three - fourths of the legal rights afforded to men on an average.

In the charts, One can see the WBL Score trends with respect to area, income and indicators on yearly manner.
